# Homework Journal

1. Decide on what Content Standard(s) you would like to work on each school day. The Content Standards can be found at <https://www.cde.ca.gov/be/st/ss/> and in *The K2 Update*.
2. With your parent(s), work on becoming better at the standard(s) for ten minutes each day. You may choose to spend more or less time each day working on the standard so long as the total time averages to at least ten minutes for each school day.
3. Write about what you did to become better at that standard(s). See the example below. The example below is intended to show you how to record your homework. It does not indicate required work and is not exhaustive. You may include the actual work done and you may write more details of what was learned, but it is not necessary to do so.

For the week of September 1-5.

10 minutes: Worked on adding two digit numbers.

25 minutes: Worked on writing a paragraph.

15 minutes: Read a book about dinosaurs.

For the week of September 8-12.

50 minutes: Went to the Natural History Museum.

4. Have your parent or guardian sign that you have done the work.
5. Turn this Homework Journal in on the first day of each week. The Homework Journal will be graded and returned to you that same day. When you fill your Homework Journal, more are available upon request.
6. Any work on Content Standards that goes beyond the average of ten minutes each school day will be graded as extra credit.
